Multidisciplinary Innovation in Breast Cancer Care

Be part of a unique gathering of physicians,
scientists and patients.

Learn to apply the latest findings in a holistic way.

ADVANCE PROGRAMME

Save the Dates

Registration deadlines

Early rate registration closes (receipt of payment by)	9 October 2015
Regular rate registration closes (receipt of payment by)	25 January 2016
For group registrations: receipt of complete group participants' details	25 January 2016
Late rate registration closes	11 March 2016
Onsite rate registration	as of 12 March 2016
Accommodation booking closes	9 January 2016

Submission deadlines

Regular abstract submission opens	15 August 2015
Regular abstract submission closes	4 November 2015
Fellowship grant application closes	4 November 2015
Late-breaking abstract submission opens	15 January 2016
Late-breaking abstract submission closes	22 January 2016

Conference Venue

Amsterdam RAI
Europaplein

Letter of Welcome

The European Breast Cancer Conference in 2016 (EBCC-10) will take place in the context of very tangible advances that have been made for patients in recent years. These advances have been largely achieved through the successful application of a multidisciplinary approach in the treatment and care of breast cancer.

EBCC is proud to have played its role in driving these advances for breast cancer patients as a unique, dedicated multidisciplinary platform and the largest breast cancer conference outside the US.

This edition of EBCC (EBCC-10) is again firmly based on a holistic vision of breast cancer and brings together scientists, clinicians, patient representatives and health professionals of diverse profiles to tackle key issues facing patients throughout the continuum of the breast cancer journey. The conference programme will provide the latest insights into the areas of prevention, optimal diagnosis, treatment, survivorship, the advance driven by research in all of them so that EBCC again fulfills its mission to accelerate the translation of clinical research into best practice made widely available to patients all over Europe.

EBCC-10 will replicate the highly successful “Multidisciplinary Teams in the Real World” and will have a strong focus on the work of the breast team throughout its programme. Our aim is to strengthen the knowledge of different members of the breast team as well as help ensure the optimal work of the team as a whole. The conference registration fee structure has been designed specifically to support the participation of breast teams.

The conference will again showcase practice-changing new data and provide delegates with the opportunity to discuss it in sessions with innovative, interactive formats.

EBCC-10 will highlight important regulatory developments in Europe. A European Parliament resolution has stipulated that by 2016 member states should have enshrined in law that all breast cancer patients are to be treated in a specialised breast centre or unit. At EBCC-10, we will review the impact this resolution has had so far on the treatment of breast cancer, we will map the status of its implementation and discuss how best to direct our advocacy efforts in 2016 and beyond.

We look forward to welcoming you to Amsterdam on 9 – 11 March 2016: EBCC-10 awaits your active participation. Help us make it our best ever conference!

European Breast Cancer Council

EBCCouncil

The European Breast Cancer Conferences are the responsibility of the not-for-profit association **European Breast Cancer Council (EBC Council)**. The European Breast Cancer Council (EBC Council) is an association of European organisations involved in breast cancer.

The three founding members of the organisation are EORTC Breast group, EUSOMA and EUROPA DONNA. The mission of the Association is to raise awareness and improve prevention, diagnosis, treatment and care of breast cancer patients.

Founding Members

EUROPA DONNA – The European Breast Cancer Coalition is an independent, non-profit organisation whose members are affiliated groups from throughout Europe.

The coalition works to raise awareness of breast cancer and to mobilise the support of European women in pressing for improved breast cancer education, appropriate screening, optimal treatment and care and increased funding for research. EUROPA DONNA represents the interests of European women regarding breast cancer to local and national authorities as well as to institutions of the European Union.

For additional information on EUROPA DONNA please visit: www.europadonna.org

The **EORTC Breast Cancer Group** is a multidisciplinary group of clinical researchers and scientists involved in the development, coordination and implementation of clinical and translational research, endeavouring to improve treatment of breast cancer patients in Europe and beyond. The EORTC BCG has led and/or supported studies that have changed clinical practice in the management of breast cancer, including breast conservation, treatment of DCIS, management of the lymph nodes, neo adjuvant chemotherapy etc..

For additional information on the EORTC Breast Cancer Group please visit: www.eortc.org

The **European Society of Breast Cancer Specialists (EUSOMA)** is a non-profit organisation that promotes the multidisciplinary approach to breast cancer diagnosis and treatment. Its members are specialists from across the spectrum of professions involved in breast care. EUSOMA is committed to promoting interaction between all the health professionals involved in breast cancer care with the aim of ensuring that all patients with breast problems have equitable access to high quality care delivered by specialist breast teams. EUSOMA is directly involved in setting evidence based standards that form the basis for certification and accreditation of breast centres and the clinical care that they provide.

EUSOMA achieves this by organising and participating in workshops and other scientific meetings that consider current evidence that forms the basis for setting standards for early detection, diagnosis, treatment and after care. In these meetings European experts are invited in the different disciplines dedicated to Breast Cancer. These guidelines and recommendations are disseminated throughout Europe. The EUSOMA guidelines 'The requirements of a specialist breast centre' are recognised as the current reference document on the definition of breast centres and form the basis for Breast Centre Certification. For additional information on EUSOMA please visit: www.eusoma.org

Conference Committees

Organising Committee

Conference Chair	F. Cardoso (Portugal)
Conference Co-Chair	R. Britz (Spain)

14:00	Clinical Science Symposium	Clinical Science Symposium	Clinical Science Symposium
15:30	<i>Triple Negative Breast Cancer (TNBC) - including best oral proffered paper(s)</i>	<i>What is new in the Biology of Breast Cancer? - including best oral proffered paper(s)</i>	<i>The New Mammography - including best oral proffered paper(s)</i>
15:45	Multidisciplinary Team in the Real World		Real World Forum
16:45	<i>Advanced Breast Cancer</i>		<i>How to Manage Side Effects of Treatment</i>
16:30	Plenary Session		
17:30	<i>Take Home Messages and Closure</i>		

Descriptions of Sessions

Debates

Debates should follow an Oxford style format. A controversial topic is introduced, scientifically challenging a proposer and an opponent to the motion, and opened for debate with the audience.

At the end of the session, the audience takes an informal vote.

Plenary Session

Plenary sessions will include a keynote lecture of an eminent speaker in the field of breast cancer as well as Late Breaking and New Data abstracts.

Multidisciplinary Team in the Real world session

MTR Panels are interactive and addressing topical subjects comprising a moderator and expert panel representing various disciplines.

The Multidisciplinary Team in the real world is an interactive session where a **clinical case** will be presented followed by an open discussion between the audience and the panel of experts.

Clinical Science Symposium

A Clinical Science Symposium is focused on a topic/theme followed all the way through; research presentations for instance are to include the latest perspectives of basic, translational and clinical research issues in a specific field.

The session provides a forum for presentations followed by high level scientific discussion of the different research areas and best oral abstract(s).

Teaching Lectures

Teaching Lectures are state-of-the-art lectures and give an overview of the latest developments in the field of breast cancer. This lecture is given by a well-known expert who has the ability to captivate the audience's attention regarding the future of cancer treatment and care.

Opening Session

The Opening Session will include the European Breast Cancer Science Award (Emmanuel van der Schueren Lecture) and The European Breast Cancer Arts and Humanities Award.

Special Manifesto Session

The manifesto is a statement document prepared by the European Breast Cancer Council working group and launched at the European Breast Cancer Conference in Amsterdam.

Partners in Breast Cancer Workshops

Societies have been invited to compile Breast Cancer Workshop Programmes related to their field.

Real World Forum

These are sessions focusing on significant "real world" issues and topics of interest to all participants. Perspectives of patient advocates, scientists, medical professionals, policy and other experts will be presented.

Detailed Scientific and Workshop Programme

Wednesday 9 March 2016

Updated information is available on the searchable programme
– see www.ecco-org.eu/Events/EBCC10

European Society of Surgical Oncology Workshop

08:00 - 12:00

Chair: R.A. Audisio (United Kingdom)

LIQUID BIOPSIES AND PRECISION SURGERY

 **Liquid biopsy: Today and tomorrow**

Speaker: D. Peeters (Belgium)

 **DCIS: Molecular subtypes and individualised prognosis**

Speaker: W. Zhou (Sweden)

 **Risk adapted breast cancer screening**

Speaker: L. Esserman (USA)

 **Circulating tumour cells and metastatic breast cancer**

Speaker: F. Bidard (France)

 **Questions and Answers**

 **Coffee break**

ADVANCED MANAGEMENT OF HER2 3+ TUMOURS

 **Value of tumor-infiltrating lymphocytes in neoadjuvant treatment: Involvement in prognosis and pathologic complete response**

Speaker: C. Criscitiello (Italy)

 **Guided breast conservative surgery in clinical complete response after neoadjuvant treatments**

Speaker: I.T. Rubio (Spain)

 **Fertility preservation**

Speaker: L. Del Mastro (Italy)

 **How genomic profiling may change the status of HER2 3+ tumours**

Speaker: L. J. Van 't Veer (USA)

 **Questions and Answers**

European Society for Radiotherapy and Oncology Workshop: Accelerated Partial Breast Irradiation: Current Status and Perspectives

08:00 - 12:00

Chair: *B. Offersen (Denmark)*

Chair: *D. Gabrys (Poland)*

SESSION I

-  **Are we treating the disease we think we are?**
Speaker: D. Gabrys (Poland)
-  **GEC-ESTRO consensus guideline for target delineation in partial breast irradiation**
Speaker: V. Strnad (Germany)
-  **TARGET-A Trial**
Speaker: F. Wenz (Germany)
-  **Results from the ELIOT Trial**
Speaker: R. Orecchia (Italy)
-  **Panel discussion: What are the optimal patient selection criteria for APBI? Can RT be safely withheld in selected patients?**
-  **Coffee break**

SESSION II

-  **Longterm results of the phase III GEC-ESTRO APBI trial**
Speaker: C. Polgár (Hungary)
-  **Results from the phase III randomised trial IMPORT-LOW**
Speaker: C.E. Coles (United Kingdom)
-  **Results from the randomised DBCG PBI Trial**
Speaker: B. Offersen (Denmark)
-  **Panel discussion: Is APBI ready for prime time? What is the optimal strategy? What can we learn about volume effects and fractionation?**

SIS/ISS - Senologic International Society/ International School of Senology: Conceptual Highlights in Benign and Invasive Breast Disease

08:00 - 12:00

Chair: T. Pienkowski (Poland)
Chair: R. Orda (Israel)

PART I - BENIGN BREAST DISEASE

Welcoming remarks

Speaker: A. Munding (Germany)

Which life style columns prevail over breast cancer risk?

Speaker: C. Mathelin (France)

Modern imaging techniques at the edge — benign vs. malignant?

Speaker: A. Munding (Germany)

Unusual breast disease and the art of cosmetic surgery

Speaker: M. Magalhães Costa (Brazil)

The international initiative on accrediting breast centres

Speaker: R. Orda (Israel)

Roundtable discussion

Coffee break

Chair: A. Munding (Germany)
Chair: D. Tripathy (USA)

PART II - PRE-INVASIVE AND INVASIVE BREAST DISEASE

New frontiers of imaging DCIS

Speaker: A. Munding (Germany)

Highlights in surgical treatment of DCIS

Speaker: S. Schneebaum (Israel)

Pros and cons on chemoprophylaxis of pre-invasive lesions

Speaker: T. Pienkowski (Poland)

Translating genetic drivers into new targeted therapies for breast cancer

Speaker: D. Tripathy (USA)

Closing remarks

Speaker: T. Pienkowski (Poland)

European Oncology Nursing Society Workshop: The Impact of Breast Cancer on Patients and Caregivers

08:00 - 12:00

Chair: Y. Wengström (Sweden)

Chair: N. De Beer (Netherlands)

AGE SPECIFIC ITEMS

Chemotherapy and pregnancy; the impact on caregivers?

Speaker: K. Van Calsteren (Belgium)

Intimacy and sexuality during treatment - age specific?

Speaker: C. Eeltink (Netherlands)

Geriatric assessment - optional or mandatory?

Speaker in favour: A. Speelman (Netherlands)

Speaker against: E. Brain (France)

Discussion with audience

Moderator: N. De Beer (Netherlands)

Coffee break

TRANSITION IN THE PALLIATIVE PHASE

Shared decision making during palliative treatment - The do's and don't's in a conversation

Speaker: M. Baas (Netherlands)

How are you handling death?

Speaker: B. Buizert (Netherlands)

Question and Answers

European Society of Pathology Workshop: Optimal Pathology Characterization of Invasive Breast Cancer 2016

08:00 - 12:00

Chair: T. Tot (Sweden)

Chair: A. Sapino (Italy)

Introduction: EBCC Glasgow Optimal Pathology Manifesto

Speaker: T. Tot (Sweden)

Radiological – pathological correlation, a must

Speaker: T. Tot (Sweden)

The role of tumour typing and grading

Speaker: M.P. Foschini (Italy)

Problems in determining the tumours' molecular phenotype

Speaker: A. Sapino (Italy)

Tumor heterogeneity, a real complication

Speaker: G. Pekar (Sweden)

Coffee break

Diagnosing metastatic disease

Speaker: G. Cserni (Hungary)

Molecular genetic tools in routine diagnosis

Speaker: P.J. Van Diest (Netherlands)

Discussion

Conclusions

Speaker: T. Tot (Sweden)

Poster Viewing

12:00-12:45

Opening Ceremony: 10th European Breast Cancer Conference

12:45 - 13:30

WELCOME ADDRESS

Conference Chair

Chair: F. Cardoso (Portugal)

Conference Co-Chair

Chair: R. Britz (Spain)

National Organising Committee Chair

Chair: E.J.T. Rutgers (Netherlands)

THE EBCC ARTS AND HUMANITIES AWARD

Chair: R. Britz (Spain)

The European Breast Cancer Arts and Humanities Award

Awardee: To be announced

The EBCC Arts and Humanities Award will be presented to the individual who has 'made a difference' through an artistic or humanistic activity such as artwork, dance, film, literature, music photography or poetry and whose contribution and personal achievements reflect the efforts and vision that unites EBCC

THE EUROPEAN BREAST CANCER SCIENCE AWARD

Chair: F. Cardoso (Portugal)

Emmanuel van der Schueren Lecture Breast Centres in Europe: Will 2016 be remembered?

Award Lecturer: L. Cataliotti (Italy)

Special Manifesto Session: European Breast Centres 2016 - Impact in Mortality and Quality of Life

13:30 - 14:40

Chair: F. Cardoso (Portugal)

Chair: E.J.T. Rutgers (Netherlands)

The Belgian experience

Speaker: F. Liebens (Belgium)

The German experience

Speaker: S. Wesselmann (Germany)

The Dutch experience

Speaker: M.J. Vrancken - Peeters (Netherlands)

EU Survey - European Breast Centres in 2016: Where are we?

Speaker: D. Lerda (Italy)

Panel discussion

Moderator: F. Cardoso (Portugal)

Panel:

K. Benn (Italy)

E.J.T. Rutgers (Netherlands)

D. Lerda (Italy)

M.J. Vrancken - Peeters (Netherlands)

S. Wesselmann (Germany)

F. Liebens (Belgium)

A. Costa (Italy)

L. Cataliotti (Italy)

S. Kyriakides (Cyprus)

D.A. Cameron (United Kingdom)

Plenary Session: Keynote Lecture and Tomorrow's Practice Changing Abstracts

14:45 - 16:15

Chair: To be announced

Beyond sequencing the cancer genome

Keynote Speaker: R. Bernards (Netherlands)

Tomorrow's practice changing abstracts

Poster Viewing

16:15-16:45

Debate: This House Believes That Population Based Mammographic Screening Should be Stopped

16:45 - 17:45

Moderator: **S. Kyriakides (Cyprus)**

Speaker in favour: P. Gotzsche (Denmark)

Speaker against: M. Untch (Germany)

Seconder in favour: P. Zahl (Norway)

Seconder against: H. J. De Koning (Netherlands)

Discussion & Voting

Multidisciplinary Team in the Real World: How to Communicate the Diagnosis and Treatment Strategy

16:45 - 17:45

Moderator: **R.E. Mansel (United Kingdom)**

Case presentation:

Speaker: L. Elshof (Netherlands)

Panel:

Y. Wengström (Sweden) (Nurse)

G. Jerusalem (Belgium) (Medical oncologist)

D. Razavi (Belgium) (Psycho-oncology)

K. Benn (Italy) (Patient advocate)

F. Sardanelli (Italy) (Radiologist)

Real World Forum: Style Your Life

16:45 - 17:45

Chair: **A. Anderson (United Kingdom)**

Chair: **S. Knox (Italy)**

Obesity and breast cancer

Speaker: M. Pollan (Spain)

Changing lifestyle behaviour for breast cancer prevention

Speaker: A. Anderson (United Kingdom)

Promoting breast health before and after breast cancer

Speaker: S. Knox (Italy)

Current evidence on the impact of lifestyle factors on breast cancer

Speaker: I. Romieu (France)

Thursday 10 March 2016

Teaching Lecture: Special Issues on the Management of Elderly Breast Cancer Patients

08:00 - 08:30

Chair: H. Wildiers (Belgium)

Speaker: E. Brain (France)

Teaching Lecture: Implementation of Oncoplastic Surgery in Clinical Practice

08:00 - 08:30

Chair: B. Carly (Belgium)

Speaker: M.J. Cardoso (Portugal)

Teaching Lecture: Breast Cancer and Pregnancy

08:00 - 08:45

Chair: F.A. Peccatori (Italy)

Speaker: H. Azim jr (Belgium)

Teaching Lecture: Are There New Standards for Adjuvant Endocrine Therapy for Young Women?

08:45 - 09:15

Chair: I. Smith (United Kingdom)

Speaker: O. Pagani (Switzerland)

Teaching Lecture: Bone Health

08:45 - 09:15

Chair: S. Aebi (Switzerland)

Speaker: P. Hadji (Germany)

Teaching Lecture: Dignity Therapy

08:45 - 09:15

Chair: G. Abela (Malta)

Speaker: To be announced

Poster Viewing

09:15-09:45

Clinical Science Symposium: Controversial Issues With the Neo-Adjuvant Approach

09:45 - 11:15

Chair: E.J.T. Rutgers (Netherlands)

Chair: N. Bese (Turkey)

Management of lymph nodes - what to do

Speaker: T. Kühn (Germany)

Extent of breast surgery

Speaker: M. Knauer (Switzerland)

Optimal radiological and molecular assessment

Speaker: T. Helbich (Austria)

Molecular characterisation of residual disease

Speaker: E. Provenzano (United Kingdom)

Oral proffered paper abstracts

Clinical Science Symposium: Pain Management

09:45 - 11:15

Chair: S. Schagen (Netherlands)

Chair: D. Fenech (Malta)

The assessment of pain

Speaker: M. Aapro (Switzerland)

Neuropathic pain

Speaker: M. Fallon (United Kingdom)

Bone pain

Speaker: D. Santini (Italy)

Pain due to oncology treatment

Speaker: C. Ripamonti (Italy)

Oral proffered paper abstracts

Clinical Science Symposium: Genes and Families

09:45 - 11:15

Chair: M.K. Schmidt (Netherlands)

Chair: B. Borisch (Switzerland)

Valid risk predictions and which genes to screen

Speaker: D. Easton (United Kingdom)

NGS- a solution for all?

Speaker: E. Levy-Lahad (Israel)

Breast cancer families without hereditary variants- what to do?

Speaker: R. Schmutzler (Germany)

Consequences for the clinic

Speaker: C. Singer (Austria)

Oral proffered paper abstracts

Multidisciplinary Team in the Real World: Management of Breast Cancer in the Neoadjuvant Setting

11:30 - 12:30

Moderator: S. Delaloge (France)

Case presentation

Speaker: K. Tryfonidis (Belgium)

Panel:

S. Erdem (Turkey) (Patient advocate)

A. Di Leo (Italy) (Medical oncologist)

A. Costa (Italy) (Surgeon)

L. Moser (Portugal) (Radiation oncologist)

G. Pruneri (Italy) (Pathologist)

Real World Forum: European Commission Initiative on Breast Cancer

11:30 - 12:30

Chair: R. Britz (Spain)

Chair: R.E. Mansel (United Kingdom)

The Commission's perspective

Speaker: To be announced

Guideline development group for EU guidelines revision

Speaker: To be announced

Quality assurance scheme development group for breast services

Speaker: To be announced

Patient advocate perspective

Speaker: To be announced

Poster Viewing

12:30-14:00

Clinical Science Symposium: Luminal Breast Cancer

14:00 - 15:30

Chair: L. Biganzoli (Italy)

Chair: B. Sousa (Portugal)

Luminal breast cancer, more than two diseases?

Speaker: W. Zwart (Netherlands)

Find the balance between over and under treatment

Speaker: D.A. Cameron (United Kingdom)

Endocrine and targeted agents as the new standard of care

Speaker: V. Dieras (France)

Selection of patients for CDK/mTOR inhibitors?

Speaker: F. André (France)

Oral proffered paper abstracts

Clinical Science Symposium: Local Approaches for Metastases

14:00 - 15:30

Chair: D. Zardavas (Belgium)
Chair: B. Linderholm (Sweden)

 **How to select patients**

Speaker: E. Senkus (Poland)

 **Brain metastases**

Speaker: M.J. Van den Bent (Netherlands)

 **Visceral metastases**

Speaker: K. Gelmon (Canada)

 **Surgery of the primary tumour**

Speaker: P. Dubsky (Austria)

 **Can we predict and prevent specific sites of metastases?**

Speaker: R. Gomis (Spain)

 **Oral proffered paper abstracts**

Poster Viewing

15:30-16:00

Clinical Science Symposium: HER 2 Positive Breast Cancer

16:00 - 17:30

Chair: A. Gennari (Italy)
Chair: H. Bonnefoi (France)

 **HER 2 Positive Breast Cancer: still a single disease?**

Speaker: N. Harbeck (Germany)

 **Optimal sequencing of anti-HER2-based therapy**

Speaker: E. Winer (USA)

 **How to overcome resistance to anti-HER-2 agents**

Speaker: S. Loi (Australia)

 **How women cope with HER-2**

Speaker: M. Miklaucic (Slovenia)

 **Oral proffered paper abstracts**

Clinical Science Symposium: Controversial Issues in Radiotherapy

16:00 - 17:30

Chair: A. Moreo (Italy)

Chair: N.S. Russell (Netherlands)

-  **When are lymph nodes a target?**
Speaker: P. Poortmans (Netherlands)
-  **Timing of radiotherapy and reconstruction**
Speaker: L. Moser (Portugal)
-  **Is radiotherapy for all DCIS?**
Speaker: B. Chua (Australia)
-  **Is biological-driven radiotherapy possible?**
Speaker: L. Pierce (USA)
-  **Oral proffered paper abstracts**

Clinical Science Symposium: Breast Density - How Thick is the Fog?

16:00 - 17:30

Chair: D. Goddard (United Kingdom)

Chair: M. Christiaens (Belgium)

-  **What women should or should not know about breast density**
Speaker: E. Bergsten-Nordstrom (Sweden)
-  **How to measure breast density**
Speaker: A. Tagliafico (Italy)
-  **Breast density as a masking factor**
Speaker: U. Bick (Germany)
-  **Breast density as a questionable prognostic factor**
Speaker: C. Colin (France)
-  **Tamoxifen for breast density**
Speaker: L. J. Van 't Veer (USA)
-  **Oral proffered paper abstracts**

Friday 11 March 2016

Teaching Lecture: Time of First Screening, a Life Changing Opportunity

08:00 - 08:30

Chair: M. Broeders (Netherlands)

Speaker: P. Hall (Sweden)

Teaching Lecture: Optimal Pathology for the Diagnosis of Breast Cancer

08:00 - 08:30

Chair: M. Fernö (Sweden)

Speaker: G. Viale (Italy)

Real World Forum: Survivorship and Social Economic Issues for EBC and ABC Patients

08:00 - 09:15

Chair: L.D. Shockney (USA)

Chair: N. Zernik (France)

Back to work

Speaker: I. Lebrocqy (Netherlands)

Breast cancer survivors-uninsurable

Speaker: E. Bergsten-Nordstrom (Sweden)

Daily life support

Speaker: L.D. Shockney (USA)

Psycho-social support: What's new?

Speaker: L. Fallowfield (United Kingdom)

A patient experience: How to navigate in stormy waters

Speaker: E. Papadopoulos (Cyprus)

Teaching Lecture: Update on ABC3 Guidelines

08:45 - 09:15

Chair: S. Paluch-Shimon (Israel)

Speaker: F. Cardoso (Portugal)

Teaching Lecture: Different Uses of Breast MRI

08:45 - 09:15

Chair: E. Verschuur-van der Voort (Netherlands)

Speaker: F. Sardanelli (Italy)

Poster Viewing

09:15-09:45

Plenary Session: Keynote Lecture and Today's Practice Changing Abstracts

09:45 - 11:15

Chairs: To be announced

 **To be announced**

Keynote Speaker: to be announced

 **Today's practice changing abstracts**

Debate: This House Believes that There are Too Many Mastectomies

11:30 - 12:30

Moderator: D.A. Cameron (United Kingdom)

Speaker in favour: M.J. Cardoso (Portugal)

Speaker against: M. Gnant (Austria)

Seconder in favour: I.T. Rubio (Spain)

Seconder against: M. Rezai (Germany)

 **Discussion & Voting**

Debate: This House Believes that Only Breast Tissue Needs Regular Follow Up

11:30 - 12:30

Moderator: M. Aapro (Switzerland)

Speaker in favour: M. Leidenius (Finland)

Seconder in favour: F. Gilbert (United Kingdom)

Speaker against: J. Bergh (Sweden)

Seconder against: E. Bergsten-Nordstrom (Sweden)

 **Discussion & Voting**

Special Session: Debate on Affordability and Access to Cancer Care

11:30 - 12:30

Chair: F. Cardoso (Portugal)

Affording Effective Prevention, Treatment and Care – Breast Cancer in the 21st Century

Speaker: D.G. Taylor (United Kingdom)

Panel discussion

Moderator: F. Cardoso (Portugal)

N. Harbeck (Germany) (Gynaecologist)

C. Jommi (Italy) (Policy analysis and public management)

S. Kyriakides (Cyprus) (Patient advocate)

To be announced (Health care)

A. Eniu (Romania) (Medical oncologist)

C. Markopoulos (Greece) (Medical oncologist)

N. El Saghir (Lebanon) (Medical oncologist)

To be announced (Pharma)

Poster Viewing

12:30-14:00

Clinical Science Symposium: Triple Negative Breast Cancer (TNBC)

14:00 - 15:30

Chair: M. Piccart (Belgium)

Chair: C. Drukker (Netherlands)

Triple negative breast cancer: Still an entity in 2016?

Speaker: C. Caldas (United Kingdom)

Time to change the standard?

Speaker: S. Loibl (Germany)

Metastatic TNBC: Anything beyond chemotherapy?

Speaker: A. Tutt (United Kingdom)

Oral proffered paper abstracts

Clinical Science Symposium: What is New in the Biology of Breast Cancer?

14:00 - 15:30

Chair: F. Penault-Llorca (France)

Chair: J.W. Martens (Netherlands)

 **Technical approach: Biopsies vs CTC vs circulating nucleic acids**

Speaker: W. Janni (Germany)

 **Genomic landscape of metastatic breast cancer**

Speaker: M. Arnedos (France)

 **Is it possible to identify genetic determinants of lethal breast cancers?**

Speaker: D. Cox (France)

 **Stem cells: Stem cell targeting**

Speaker: R. Clarkson (United Kingdom)

 **Oral proffered paper abstracts**

Clinical Science Symposium: The New Mammography

14:00 - 15:30

Chair: F. Sardanelli (Italy)

Chair: E. Tomberg (Estonia)

 **Tomosynthesis for screening**

Speaker: P. Skaane (Norway)

 **Tomosynthesis for diagnosis**

Speaker: R. Pijnappel (Netherlands)

 **Contrast enhanced mammography**

Speaker: E. Fallenberg (Germany)

 **Photon counting**

Speaker: M. Wallis (United Kingdom)

 **Oral proffered paper abstracts**

Multidisciplinary Team in the Real World: Advanced Breast Cancer

15:45 - 16:45

Moderator: A. Eniu (Romania)

Case presentation

Speaker: J. Ribeiro (Portugal)

Panel:

H. Wildiers (Belgium) (Medical oncologist)

C. Vrieling (Switzerland) (Radiation oncologist)

E. Papadopoulos (Cyprus) (Patient advocate)

R. Rouzier (France) (Surgeon)

N. West (United Kingdom) (Nurse)

T. Saarto (Finland) (Medical oncologist)

Real World Forum: How to Manage Side Effects of Treatment

15:45 - 16:45

Chair: M. Miklaucic (Slovenia)

Chair: M. Ignatiadis (Belgium)

Use of complementary medicine

Speaker: D. Barton (USA)

Use of exercise

Speaker: O. Gentilini (Italy)

Cognitive function

Speaker: S. Schagen (Netherlands)

Fatigue

Speaker: F. Roila (Italy)

Depression

Speaker: S. Higgins (Ireland)

Questions and Answers

Plenary Session: Take Home Messages and Closure

16:30 - 17:30

Chair: F. Cardoso (Portugal)

Chair: R. Britz (Spain)

Chair: E.J.T. Rutgers (Netherlands)

 **Take home messages for early breast cancer**

Speaker: A. Di Leo (Italy)

 **Take home messages for advanced breast cancer**

Speaker: K. Gelmon (Canada)

 **The patient advocate perspective**

Speaker: R. Britz (Spain)

 **Closure**

Speaker: F. Cardoso (Portugal)

Registration

Register online at: www.ecco-org.eu/EBCC10

Registration Fees

Register early to attend EBCC10 - The European Breast Cancer Conference - and benefit from significant savings of fees.

It is our priority to make the Conference accessible to all groups who contribute their perspectives to the impressive progress in breast cancer treatment and care. Our rates are designed to facilitate the attendance of diverse professionals, patient advocates and students.

Special registration incentive for Breast Cancer Teams: 1 free registration is offered upon registration of 3 (three) participants with different professional profiles from the same work place.

Early Rate – deadline: 9 October 2015	
Physicians (Surgical Oncologists, Medical Oncologists, Radiation Oncologists, Gynaecologists, Pathologists, Imaging specialists, Geneticists, GPs)	€505
Industry (Public affairs, regulatory, medical affairs)	€505
Care givers (clinical, community, hospital & oncology pharmacists, nurses, palliative care specialists, rehabilitation specialists, psychologists)	€250
Researchers (Epidemiologists, Scientists, Data managers, Biostatisticians)	€250
Emerging Economy***	€150
Patient Advocates*	€125
Students**	€125
Regular Rate – deadline: 25 January 2016	
Physicians (Surgical Oncologists, Medical Oncologists, Radiation Oncologists, Gynaecologists, Pathologists, Imaging specialists, Geneticists, GPs)	€745
Industry (Public affairs, regulatory, medical affairs)	€745
Care givers (clinical, community, hospital & oncology pharmacists, nurses, palliative care specialists, rehabilitation specialists, psychologists)	€510
Researchers (Epidemiologists, Scientists, Data managers, Biostatisticians)	€510
Patient Advocates*	€175
Students**	€175
Late Rate – as of 26 January 2016	
Physicians (Surgical Oncologists, Medical Oncologists, Radiation Oncologists, Gynaecologists, Pathologists, Imaging specialists, Geneticists, GPs)	€875

Industry (Public affairs, regulatory, medical affairs)	€875
Care givers (clinical, community, hospital & oncology pharmacists, nurses, palliative care specialists, rehabilitation specialists, psychologists)	€650
Researchers (Epidemiologists, Scientists, Data managers, Biostatisticians)	€650
Patient Advocates*	€300
Students**	€300

Optional Social Event*** €65.

The day registration rate of €350 per person will open at the venue only, as of 8 March 2016.

*The patient advocate rate applies exclusively for individuals who are a member of Patient Advocacy Organisation.

**Confirmation in 'training' status from the Head of Department is required.

***Emerging Economy rate applies to individuals from low and lower-middle-income economies according to the World Bank listing. <http://data.worldbank.org/about/country-and-lending-groups>

****This ticket gives access to the social event held on Thursday 10 March 2016.

Call for Abstracts

EBCC is instrumental in driving advances for breast cancer patients as a unique, dedicated multidisciplinary platform and the largest breast cancer conference outside the US. It traditionally attracts ground-breaking, practice-changing data and it has a global outreach through the number of journalists attending the meeting.

- Abstracts submitted after the stipulated deadline will not be considered.
- Authors are strongly advised to submit prior to the deadline and avoid unnecessary delays which may affect the standing of their abstract.
- For more information on abstract topics, format, submission and selection process, please visit the Congress website: www.ecco-org.eu/EBCC10

Regular Abstracts

Abstract submission open:	15 August 2015
Abstract submission deadline:	4 November 2015, 21:00 Central European Time

The presenting author will receive confirmation of acceptance or rejection by mid December 2015

Late-Breaking Abstracts

Abstract submission open:	15 January 2016
Abstract submission deadline:	22 January 2016, 21:00 Central European Time

Please note that the late-breaking abstract deadline is not an extension of the regular abstract submission deadline.

The presenting author will receive confirmation of acceptance or rejection by the beginning of February 2016.

Fellowships & Grants

Europa Donna Fellowship Grants

The Organising Committee will award five Europa Donna fellowships to breast cancer advocates.

To be considered for a Europa Donna Fellowship the following criteria should apply:

1. breast cancer survivor
2. under the age of 40 years
3. fluent in English
4. demonstrated some involvement in breast cancer advocacy work for at least one year

To apply:

The individual must provide a short abstract (400 words) about your current advocacy activities and indicate why EBCC-10 will be important to your future advocacy work. This paper should be submitted to the Head Office of EUROPA DONNA for the Board to review.

Each fellowship grant shall be worth a free registration, free accommodation for a **maximum of 3 nights and reimbursement of travel costs up to a maximum of 500 EUR (reimbursement after the conference).**

Applicants who meet the above criteria should send their abstracts to:

EUROPA DONNA - The European Breast Cancer Coalition
Piazza Amendola 3
20149 Milan, Italy
Tel: +39 02 3659 2280
Fax: +39 02 3659 2284
info@europadonna.org

Deadline for receipt of applications is

14 September 2015

The applications will be reviewed by the Europa Donna Board and EBCC-10 Scientific Executive Committee. Successful applicants will be notified in January 2016.

Call for Nominations

The European Breast Cancer Arts and Humanities Award

The Organising Committee of the 10th European Breast Cancer Conference invites nominations for the EBCC Arts and Humanities Award, a prize that recognizes an outstanding contribution to the arts/humanities and which has a direct relationship to the fight against breast cancer.

The EBCC Arts and Humanities Award will be awarded to the individual who has "made a difference" through an artistic or humanistic activity such as: artwork, dance, film, literature, music, photography or poetry and whose contribution and personal achievements reflect the efforts and vision that unites EBCC.

It is important that such efforts do not go unrecognized, thus we invite you to look within your respective countries and nominate an individual whom you believe deserves this significant recognition on the occasion of the 10th European Breast Cancer Conference in Amsterdam.

The EBCC Arts and Humanities Award is worth 1,500 EUR and includes an all-expenses- paid trip to attend EBCC-10.

Please submit your nomination directly to:

EUROPA DONNA- The European Breast Cancer Coalition
Piazza Amendola, 3
20149 Milan- Italy
tel. +39 02 3659 2280
fax. +39 02 3659 2284
info@europadonna.org

Nominations must be received by

1 December 2015

EBCC-10 Fellowship Grants

Fellowship submission open:

15 August 2015

Fellowship submission deadline:

4 November 2015, 21:00 Central European Time

For submission of your fellowship application please go to: www.ecco-org.eu/EBCC10

Fellowship for individuals from developing countries

The Organising Committee will award a number of fellowship grants to young doctors, basic scientists, nurses and others involved in breast cancer care and advocacy, from developing countries to attend the European Breast Cancer Conference in Amsterdam. (Applied to individuals from low-income and lower-middle-income economies according to the World Bank listing available at: <http://data.worldbank.org/about/country-classifications/country-and-lending-groups>)

Fellowship for individuals from limited resources countries

The Organising Committee will award a number of fellowship grants to young doctors, basic scientists, nurses and others involved in breast cancer care and advocacy, from countries with limited resources to attend the European Breast Cancer Conference in Amsterdam.

General Information

Accommodation

Amsterdam RAI Hotel & Travel Service has been appointed as the official local housing partner for EBCC-10 and is offering hotel accommodation for both groups and individuals.

For all accommodation queries and information, please visit: www.rai.nl/hotelservice

For questions, please contact: hotelservice@rai.nl or tel: +31 (0)20 549 1927. We kindly ask you to contact the appointed local housing partner directly. The Conference secretariat cannot provide accommodation-related information or handle any such related requests.

Accommodation reservation deadline: 9 January 2016

Exhibition & Sponsorship

The recognised multidisciplinary setting of EBCC-10 will once again provide ideal surroundings for participants to leverage knowledge, promote education and build awareness about breast cancer – placing the patient at the heart of all our efforts and discussions. The Conference strives to further the role of multidisciplinary oncology in breast cancer by encouraging participation and interaction between all oncology professions.

For information on sponsorship and exhibition opportunities, please contact: Bruno De Man, tel: +32 2 775 02 04, email: bruno.deman@ecco-org.eu.

The Invitation to Industry brochure and exhibition floor plan will be published on the Conference website: <http://www.ecco-org.eu/Events/EBCC10>.

Insurance

The organisers do not accept liability for individual medical, travel or personal insurance. Participants are strongly encouraged to make their own arrangements regarding health and travel insurance.

Language and Translation

The official language of the Conference is English. No simultaneous translation will be provided.

Lunch and Refreshments

Coffee breaks courtesy of the organisers will be scheduled during the Conference.

Delegates are invited to buy their own luncheons from the cash-bars located throughout the Conference centre. Please note that only payment in euro is accepted.

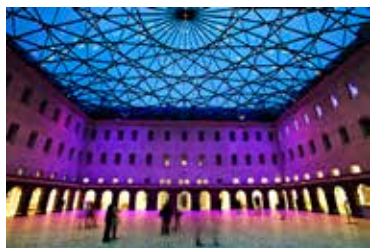

Free water dispensers are available throughout the Conference centre.

EBCC Networking Evening

A Unique Venue for a Warm and Friendly Networking Evening

This evening is organised for Conference delegates as an opportunity for even more memorable interactions among peers from different areas in oncology. It will take place at the National Maritime Museum. Completely renovated, the Museum exudes history in its impressive, refreshed glory. During the EBCC networking evening, the Museum will be the centre of lively exchange among Conference delegates in a warm atmosphere of memorable hospitality.

Tickets will be available for purchase at the time of registration for the Conference. Availability of tickets on site may be limited so purchase at registration is highly recommended.

The Bulletin

The Bulletin is the official e-newsletter of EBCC-10. Designed specifically to help keep you fully informed about the latest scientific programme highlights and exciting developments in the lead up to the Conference. Launching six months in advance of the Conference, this monthly newsletter is sent to all registrants and appears on the Conference website: www.ecco-org.eu/EBCC10.

If you wish to subscribe, please visit www.ecco-org.eu and create an account.

Transportation

Participants registered for the entire duration of the EBCC-10 Conference are entitled to one free public transport ticket giving access to public transport in Amsterdam throughout the event (transportation to and from the airport is not included). Delegates are encouraged to use public transport as much as possible.
